## PRINCIPAL REPORT

### RETURN TO FACE-TO-FACE LEARNING UPDATE

Parents and carers were notified at the end of last week regarding the updated guidelines for schools. As a result of these changes we shall be making some additional adjustments to school activities. Some of these changes came into effect this week while others will occur at the commencement of next term.

Changes which came into effect from Monday 15 June include:

- School assemblies with a specific length of time however at this point there will be no visitors or parents allowed to attend.
- Choirs and performing arts at school, with safety protocols in place.
- Students may attend other schools for essential curriculum related reasons or placements.
- Incursions/external providers can provide activities that support delivery of curriculum.
- Community use activities used by students such as dance classes, and student sport skills development, outside of school hours with limited adult attendance.
- Day field trips to outdoor locations. with no physical distancing requirements, are able to take place.
- External Service Providers that supply services to specific students within the school and invite them to be able to return and support within the school following protocols.

Changes which will come into effect from 20 July include:

- competitions aligned with current health advice (including activities run by external organisations)
- Inter-school student events and competitions (choirs, sport, debating, public speaking)
- Special Religious Education (SRE) / Special Education in Ethics (SEE)
- Work experience for students
- P&C meetings – with a strong preference for on-line where possible
- Parent/teacher meetings, where these need to take place. There is a strong preference for online meetings where possible unless involving serious matters that require face to face discussion.

Please note that specific information regarding any school activities will be communicated by staff through the newsletter, app and individual letters sent home.

Once again I wish to thank all families for your support in afternoon dismissal where parents are distancing themselves and remaining outside the school grounds. Your support is greatly appreciated.

### DEMOUNTABLE REMOVAL

Temporary fencing was placed around the disabled demountable toilet running adjacent to the Kindergarten classrooms. In order for the removal of the current building and the new upgraded facility to be put into place, the gate on Marlowe Rd which aligns with the crossing has now been permanently locked. The new building is larger than the current facility which means access through this gate and path will be affected. Parents are still able to access the school via the gate which runs between the Year 4 classrooms. All parents and carers are reminded to please wait outside this school exit as we have many students who catch the bus in the afternoon and in order for staff to support students we kindly ask the area is clear.

### PARKING

Thankyou to all the families who are following road rules and ensuring students arrive at school and leave in the afternoon in a safe way. A reminder for all parents who access the drop off / pick up area to kindly keep moving if you are unable to pull into a car spot. I have spoken to students regarding waiting for parents to pull into a spot rather than having some parents who call their students into traffic where they are double parked. This is extraordinarily unsafe and I ask all parents and carers to support the school in modelling safe practices.

### CLASS VISITS

Over the last three weeks I have had the pleasure of being part of the outstanding learning in classrooms. Students have warmly welcomed me and sharing their quality learning. Students are fortunate to have quality educators at Bateau Bay supporting them on their education journey to ensure all students are known, valued and cared for.

Here the students in KCL are enjoying an independent activity where they are practising individual sight words by making the word using sounds attached to cars and parking them and finally taking a photo using an iPad as evidence of their learning.

## REPORTS

As part of the guidelines for students returning to school the Department of Education has provided guidelines for schools regarding amended reporting to parents for Semester 1. The changes to the reports are for Semester 1 2020 only. Each school has been able to provide a simplified, written report about students' learning which includes learning undertaken at school and online from home. The grading of students using the five point A-E scale is not required however student comments will reflect the language of the scale.

A sample of the Bateau Bay report is provide below for your reference.

**Bateau Bay Public School**

**2020 - Semester 1 - Year 2**

**Student:**  
**Class:**  
**Teacher:**

Our school reports a summary of your child's progress with written reports twice a year and provides ongoing detail through interviews or meetings.

In line with advice from the NSW Department of Education, our school report for Semester 1, 2020 has been adjusted to cater for students learning from school and at home. Please be aware that all students may not have covered the same syllabus outcomes or content during this period. This report will not grade student achievement using the A-E scale for all outcomes. The teacher's comments will focus on English and mathematics as well as learning that students have undertaken in other key learning areas. This report will also provide information about student attendance, their commitment to learning and identify the next steps in learning.

**General Comment**

I wish to thank the staff for the extensive amount of time and work put into reports this semester particularly with current circumstances. All parents and carers are encouraged to make an appointment with their child's teacher to clarify or discuss any aspects of the student report.

Reports will be sent home to families next term.

## STAFF DEVELOPMENT DAY TERM 3

On Monday 20 July staff will be involved in mandatory compliance training in CPR, anaphylaxis as well as collaborative planning for teaching and learning in mathematics. Staff development days provide unique opportunities for staff to collaborate and improve curriculum, student wellbeing and support practices. Staff return on Monday 20 July followed by all students on **Tuesday 21 July.**

## REGIONAL NORTH PUBLIC EDUCATION AWARDS OF APPRECIATION

The Brisbane Water, Central Coast, Mooney Mooney and Tuggerah Lakes Principal Networks of the Department of Education, in partnership with the Central Coast Primary Principals' Council, the Central Coast Secondary Principals' Council, the Central Coast District Council of P&Cs and the Central Coast Regional Aboriginal Education Consultative Group will again this year coordinating the Regional North Public Education Awards of Appreciation.

I am calling for nominations from our community for any parents or carers who are deemed to be worthy of recognition for service to the school community. Our community is also able to nominate individual staff members for recognition.

I encourage all nominations to be emailed to the school no later than next **Friday 26 June**. In the circumstances where there are multiple nominations a panel consisting of a school and P&C representative will decide the recipient. This is a great opportunity to celebrate the wonderful work we do for our students.

Parents are asked to email the name of the nominee and supporting reasons to [bateaubay-p.school@det.nsw.edu.au](mailto:bateaubay-p.school@det.nsw.edu.au).

The awards this year will be presented at school as part of Education Week celebrations.

Have a great week at our great public school.

### 'FIRE'

Written by 5m 2020

The sky was blue the wind was dry,  
 The wind was roaring through the sky.  
 The grass was dry.  
 Under the blue sky.  
 The wind blew as strong as a shark.  
 I could not believe I saw a spark.  
 The sky was blue,  
 The hill was green.  
 Just then I heard someone scream.  
 It was dawn.  
 When the spark ran across the lawn.  
 The fire flicked across the field.  
 But none of the animals had a shield.  
 The grass was dry the wind was strong.  
 The camp fire flames were spreading along.  
 As everyone saw the smoky sky,  
 They knew it was time to say goodbye.  
 The fire is big and hot,  
 Smouldering like a cooking pot.  
 Fire the beast that ate it all.  
 Fire now like a blood red wall.

The red raging fire roared,  
 Hurting people like a sword.  
 The furious light touches the sky,  
 As the wildlife starts to die.  
 The raging and roaring fire,  
 Grows bigger and bigger like a liar.  
 The fire was like an undefeatable war machine,  
 Burning houses and trees after that nothing was seen.  
 Some were trapped, they needed a hero,  
 So, people rushed to call triple zero.  
 Trees are black after the fire,  
 Smells like charcoal that lacks desire.  
 Everything is fine the fire is out,  
 All the plants are about to sprout.  
 When the fires were out,  
 It's all the people were talking about.  
 They are coming back the beautiful trees,  
 As their leaves start to play in the breeze.  
 The plants were growing the grass was green,  
 It was like nothing I've ever seen.  
 The sun comes back you can see clear,  
 It's only the people still feeling the fear.

# This guide is for parents and carers

A guide to NSW school students returning to face-to-face learning

Information has been updated as at 11 June 2020, until further notice.

# In line with health advice, schools are operating full time, and many additional activities are now able to recommence

All schools have returned to full-time on-campus learning. With updated health advice and changes to state and national restrictions, schools are able to recommence the majority of school-based activities from either 15 June 2020 or the start of Term 3 (20 July 2020). Some activities are continuing to be considered.

The following principles underpin these guidelines:

- schools continue to be safe and operations are in line with Australian Health Protection Principal Committee (AHPCC) and NSW Health guidelines
- existing infection control protocols at schools, and new health and safety measures put in place will help maintain the health and safety of students and staff
- all activities permitted at school are safe and appropriate in a living with COVID-19 environment.

School students do not need to follow strict adult physical distancing guidelines, but should follow good hygiene practices like:

- regularly washing hands
- avoiding sharing drinks or food
- coughing or sneezing into your elbow, or a tissue which should be discarded immediately
- filling water bottles from bubblers rather than using the bubbler directly.

## School attendance

All students should be at school unless:

- they have a medical certificate which states that they are unable to return to school due to an ongoing medical condition and the expected timeframe
- they are currently unwell.

## School activities/ school site usage

The majority of school-based activities can recommence, as long as the following measures are observed:

- all visitors and external to school providers must adhere to relevant hygiene, distancing and safety protocols
- principals may continue to restrict, limit or prohibit activities if they are seen as contrary to the current health advice
- external providers and visitors are required to demonstrate compliance with health and safety requirements including adhering to strict guidelines and completing relevant forms
- non-essential adults are still not permitted on school grounds or at school events – this **includes parents/carers** unless specifically approved by the principal.

## Physical distancing

Physical distancing of children in schools is not required under the Australian HPPC guidelines. Research has shown limited transmission risk associated with school children in the school environment.

All adults must maintain physical distance from each other (1.5m) including teachers and support staff, and parents.

Schools should ensure school pick up and drop off arrangements enable parents to physically distance from one another and from staff.

## School cleaning and hygiene supplies

Your school will continue to receive additional cleaning in line with the AHPCC guidelines and advice from NSW Health. Target areas include high-touch areas and other hard surfaces, door handles, lockers, light switches and handrails in stairways and movement areas. There will also be additional cleaning of toilets and bubblers and topping up of supplies like soap.

Your school has received supplies of soap, hand sanitiser, toilet paper, paper towels, disinfectant wipes and personal protective equipment. The school is able to order more as needed.

## School activities return and timeline

**Activities/site usage that can already take place:**

- Use the school library
- Engage in non-contact sporting activities
- Canteens and uniform shops can open at principal's discretion
- Year 11 and 12 students only may attend classes/activities relating to subjects only available on other campuses is allowed

- VET work placement for Year 12 students is able to proceed from 1 June 2020. School based apprenticeships and traineeships can recommence once the relevant workplaces are back in operation
- Trade Training Centres can operate on school sites.

## Activities/site usage that can take place from Monday 15 June 2020

- School assemblies (limited to 15 minutes and no external visitors)
- Choirs and performing arts at school, with safety protocols in place
- Students may attend other schools for essential curriculum related reasons or placements (e.g. auditions or placement tests)
- Hydrotherapy pools can be used
- Incursions/external providers can provide activities that support delivery of curriculum (e.g. music tutors, sport skills development programs, science demonstrations, drama tutors, Healthy Harold).
- Community use activities used by students such as dance classes, and student sport skills development, outside of school hours with limited adult attendance)
- Day field trips to outdoor locations with no physical distancing requirements can take place
- Face to face TAFE attendance (see TAFE website for further information)
- School photos
- Department of Community and Justice services and programs.

## Activities/site usage that can take place from beginning of Term 3

- All school sport and activities including competitions aligned with current health advice (including those activities run by external organisations)

- Inter-school student events and competitions (choirs, sport , debating, public speaking, performing arts, Selective Sports High School trials etc)
- SRE/SEE lessons
- Work experience for students
- VET work placements can proceed subject to the availability of placement and appropriate risk assessments. For any that can't proceed, please see [the NESA website](#)
- School based apprenticeships and traineeships can recommence once the relevant workplaces are back in operation
- P&C meetings – with a strong preference for on-line where possible
- Parent/teacher meetings – where these need to take place – strong preference for on-line where possible unless involving serious matters that require face to face discussion
- Community use activities involving general adult attendance (such as community markets).

### Activities under consideration from Term 3

The following events will be reconsidered in Term 3. For now these events must remain on hold.

- School camps
- Excursions (other than field trips explained above)
- Parent attendance at assemblies and other school events (e.g. graduation ceremonies or student speech events)
- Parent volunteers – e.g. parent reading helpers (note: canteen and uniform shop volunteers are permitted)
- Interstate excursions
- School based activities that involve large gathering of adults are not permitted at this time. These include parent/community gatherings such as parent functions, working bees, fundraisers, school BBQs, large parent information evenings, and large on-site cultural events. These large gatherings and the following activities will continue to be reviewed and assessed based on AHPPC and NSW Health advice and may be permitted at a later date.

### Activities that are cancelled, delayed or not permitted

Certain large arts and sports events are cancelled or delayed because they require feeder activities and have long-lead time organisational arrangements. Please speak to your schools if you would like to know more.

International excursions are cancelled until further notice.

### Reporting and assessment

You will receive your child's semester 1 report before the end of August (Week 6, Term 3).

This will be a simplified version of the report you normally receive. Schools are encouraged to discuss your child's progress with you before the written report is issued.

### Responding to COVID-19 cases

There is a clear plan in place for schools to respond to any suspected or confirmed cases of COVID-19 in our schools. We are working closely with NSW Health and will communicate with parents if a situation arises. Find out more at the [response protocols page](#).

### Transport

For travel advice to and from school refer to the NSW [public transport service](#).
